The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages; and that is Catarris. Half's Catarris Cure is the only positive cure new known to the medical fraternity. Catarri being a constitutional disease, requires a constitutional treatment. Half's Catarri Cure is taken internally, acting directly upon the blood and nuccous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
